Blame-shifting culture

"Not my table" becomes the default response to every problem.

No reporting process

Dataedo

Data issues linger when there's no structured way to report or track them.

Track data governance tasks

Dataedo

ate Do does for documentation tasks, quality improvements, and compliance updates. Assign tasks to specific owners and track completion over time.

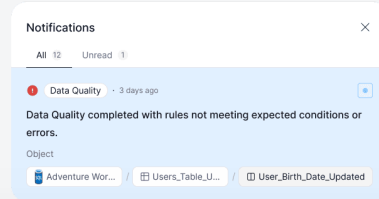

Notify owners automatically

[Book a demo](#)

Set up notifications so owners are alerted when a data quality issue is flagged.

[Try Dataedo](#)

Ensure issues get attention instead of getting lost.
